

How to access online media (other than journals) via Univ Salzburg Bibliothek, ebrary, and Adobe Digital Editions

The following book (regularly sold by some 180 USD by CRC Press) can be accessed via the University of Salzburg library's ('Bibliothek') online access.

Fisher, P. F. (ed.), 2006, Classics from IJGIS: Twenty Years of the International Journal of Geographical Information Science. CRC, Hoboken, New Jersey

Please proceed as follows. Please note the University library online search portal has a German interface.

Go to UBSearch, the search engine of the University's library. Click on 'Bibliothek' at the upper left corner of the University's homepage:

UBsearch Die Suchmaschine der Universitätsbibliothek Salzburg

Alle Informationen aus einer Hand - [UBsearch](#) macht es möglich!

Search for 'Classics from IJGIS'.

You need to install Adobe Digital Editions, a free Adobe software to access online books and other media.

2.Install

You will need Adobe Digital Editions

Adobe Digital Editions is required to download books. This free software is different from Adobe Reader.

A free Adobe ID is also required to transfer the book to another device. It is not required to read books on this computer.

[Get Adobe Digital Editions](#)

[Done with this step >](#)

Make sure you install an English version (the installation software is intelligent enough to identify your country IP and therefore suggests a German version – see also screenshot below). You do not need to register the ID of the computer etc.

You should now be able to download and access the 'book' in your Adobe Digital Editions reader.

You can now read the book! Enjoy!
